 Light our Future

Photonic-Net

The growing market of optical technologies

the enabling technology

Start: 2001

- In Germany Optical Technologies account to approx. **25 Billion Euro** in sales in 2006 with expected CAGRs of 10% in the next ten years.
(Quelle: Branchenschätzung SPECTARIS)
- Around **110.000 people work in this technology sector in Germany** (SME: 36.000)
(Quelle: Branchenschätzung VDI Technologiezentrum GmbH / isw Institut)
- **15 % of the workforce** in the manufacturing industry in Germany depend on optical technologies to create value added products
(Quelle: Fraunhofer ISI)

Supra-regional Networking

Kompetenznetze Optische Technologien

9 Networks → 420 Members

Shared
Exhibition
participation:

- Photonics West (USA)
- Laser Messe (München)
- Optatec (Frankfurt)

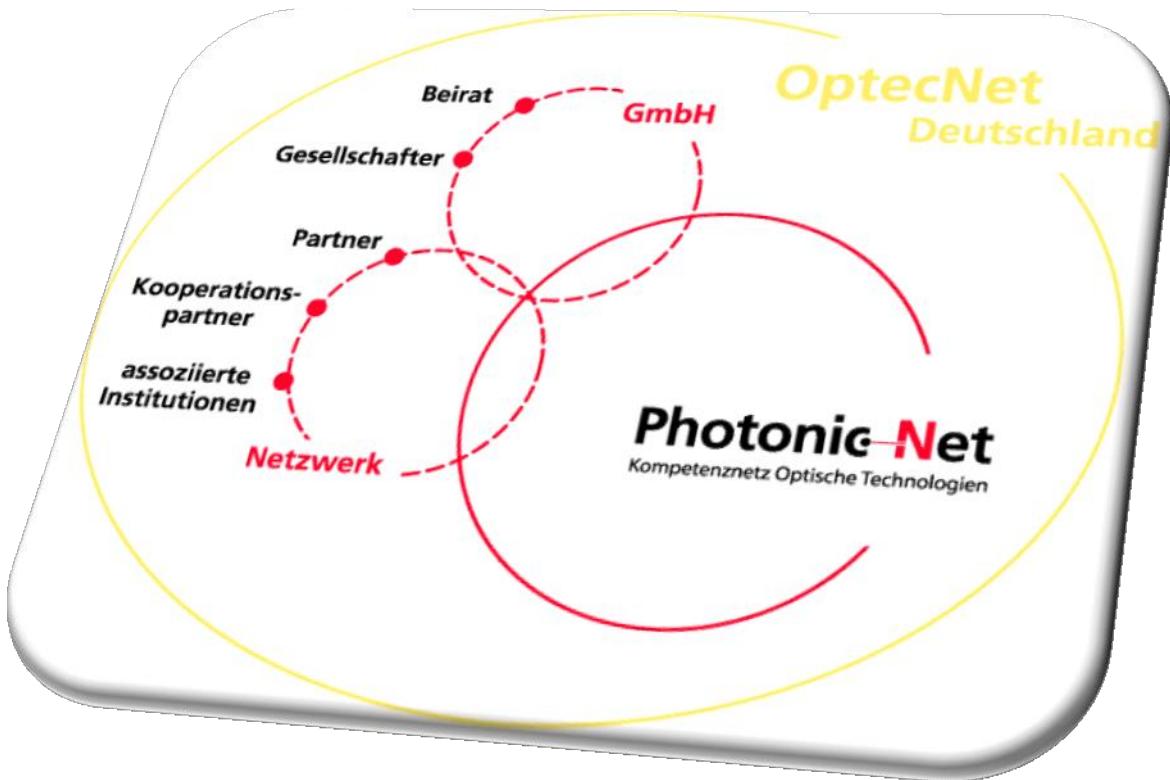

Competence Networks Optical Technologies

- The who-is-who companies in Optical Technologies are member of one or more of the 9 networks
 - Industry, Research and Universities
- 50% of all member are SMEs
- 50 relevant companies of the Private Equity, Training- and Innovation sector are members
- Very high member acceptance and a steady growing member number
- OptecNet Deutschland is gaining more and more importance and international acknowledgement as the service organisation for the networks

PhotonicNet in a Nutshell

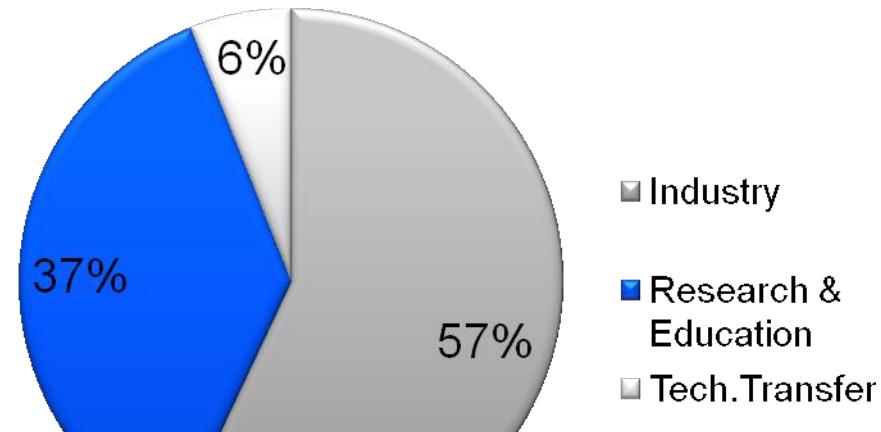

- Legal form
GmbH (~ Ltd.)
- Location:
Hannover
- Date of incorporation:
December, 17th 2000
- Institutions:
General meeting,
Advisory board
- Members
Partner and associates
institutions

Structure of the Partnership

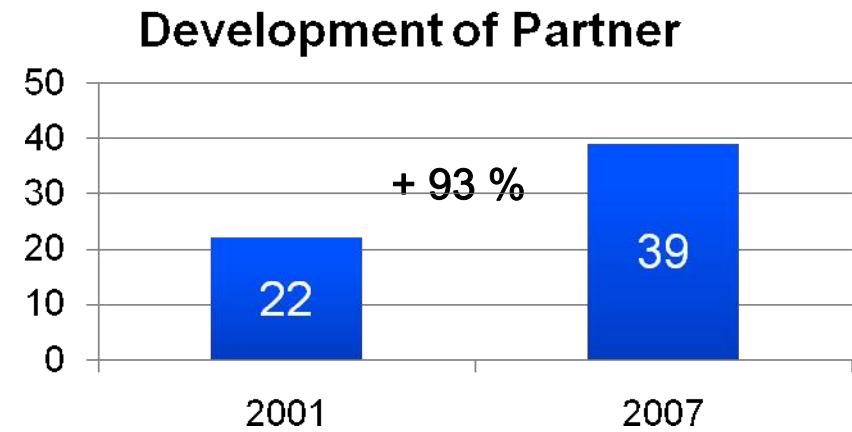

PhotonicNet – a Partnership of

- Manufacturer and User of Optical Technologies and Products
- Research and Education Institutions
- Institutions in the field of technology transfer and local economic promotion agencies

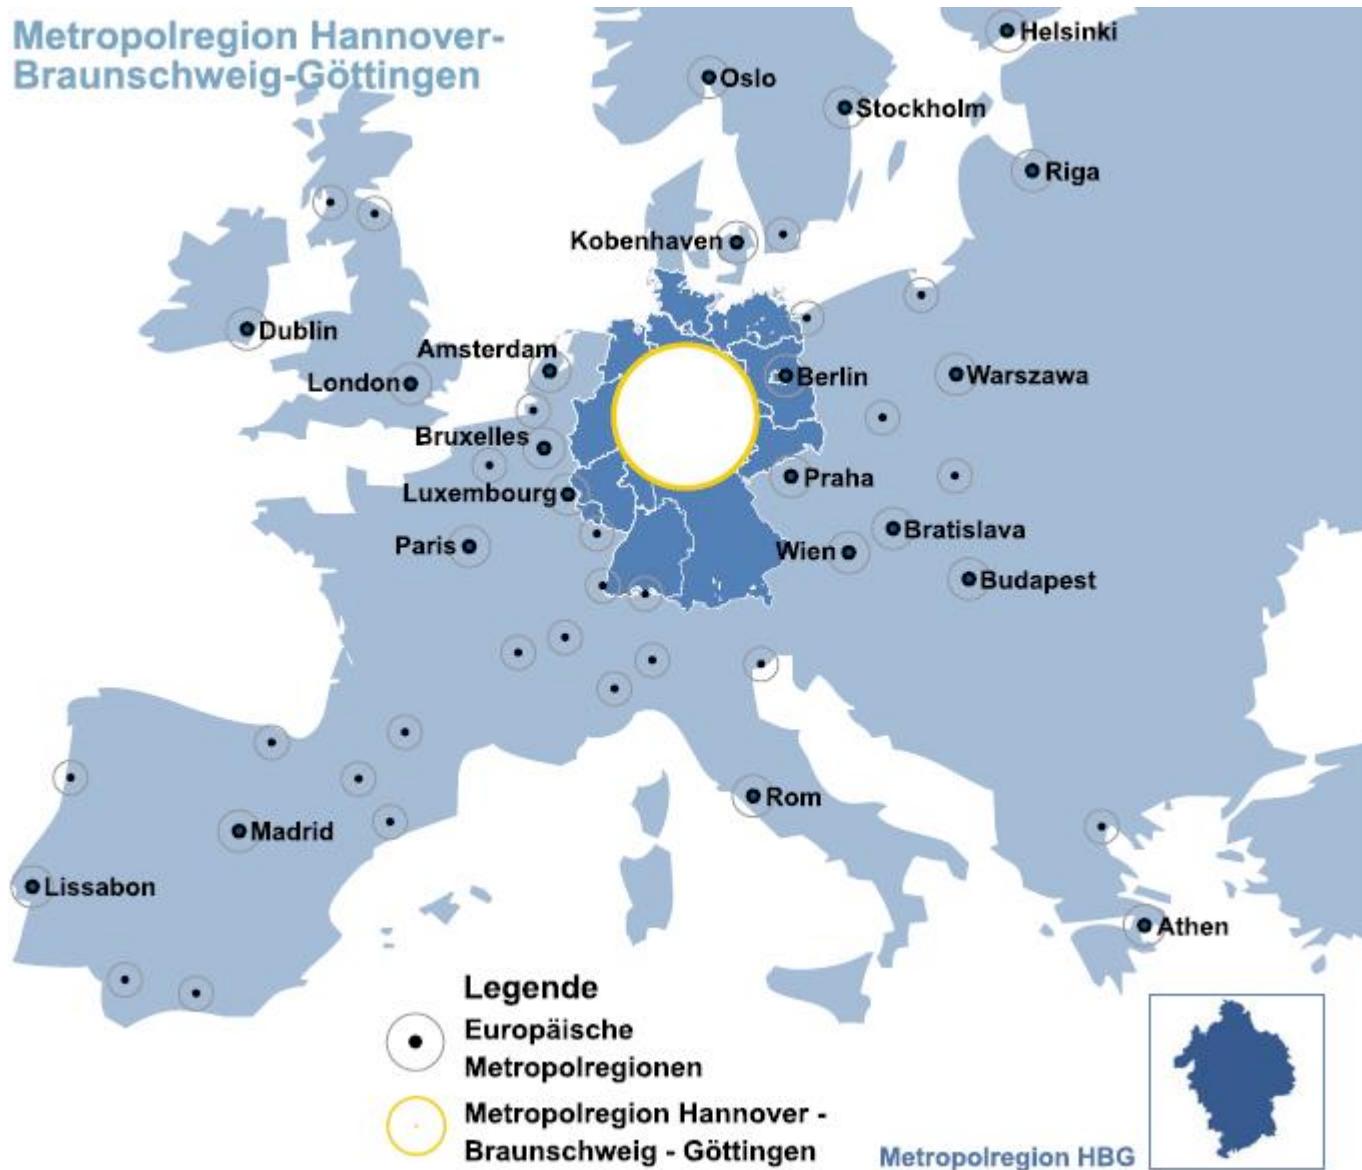

Cooperation partner

- Private Equity: Commerzbank
- Consulting / Innovationstransfer:
 - Wolfsburg AG
(InnovationsCampus), dh Consult,
Innovationszentrum Nds.

Core Competences of the PhotonicNet-Partner

Optical precision technology

Light sources and systems

Information and communication technologies

Optical and precision mechanical components and systems

Life Science, biomedical engineering

Coatings, micro-optics

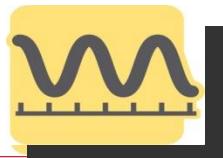

Microscopy

Micro- & Macromaterial processing

Training and further education

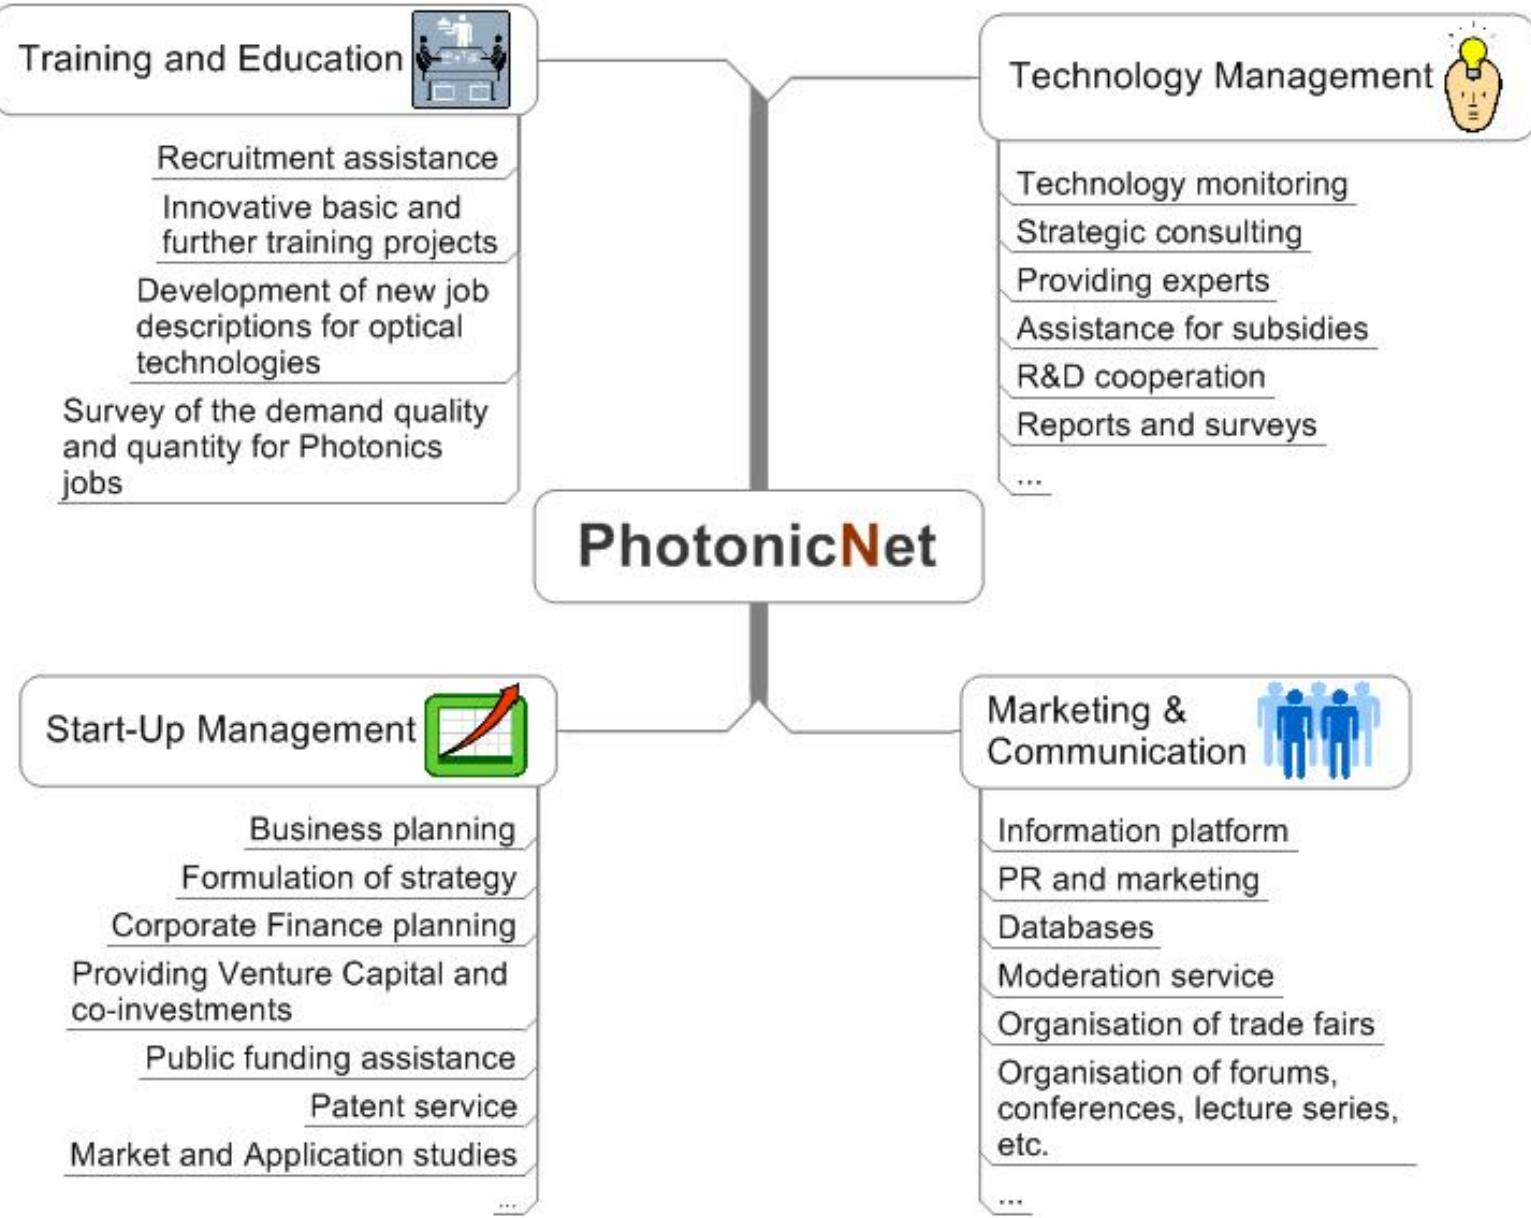

Metrology, sensor technology

Innovation Transfer / Startup Management

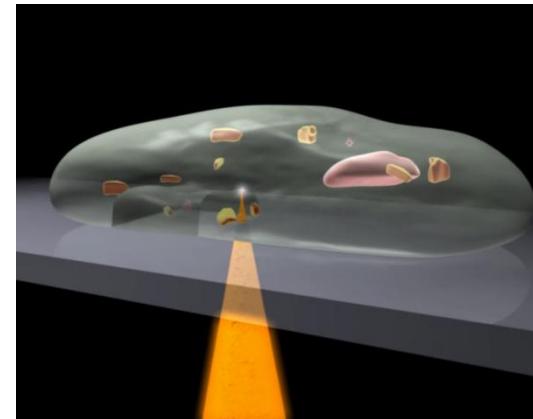

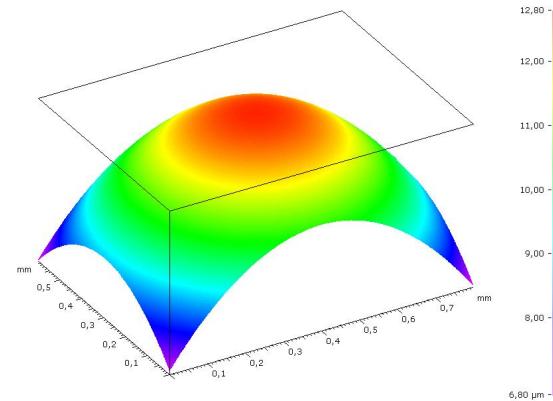

Business units

Successful R&D cooperations

- White light interferometer
 - MarSurf WS1
 - *Mahr GmbH* \leftrightarrow *Leica Microsystems*
- Laser Mikrotom
 - LMT F14 - A laser microtome for precise, non-contact sectioning
 - *Linos Photonics GmbH* \leftrightarrow *Rowiak GmbH* \leftrightarrow *Vision GmbH* \leftrightarrow *Micreon GmbH*

Cooperation between the networks

- Workshop „Mikrooptical Systems“
OptoNet ⇔ PhotonicNet, bayern photonics
- Working Group “DUV/VUV”
PhotonicNet ⇔ Optence
- UV – Workshop
Optence ⇔ PhotonicNet
- Workshop „Optical coatings“
OptoNet ⇔ PhotonicNet
- Working Group „Surface Treatment“
PhotonicNet ⇔ bayern photonics, OptoNet

Technology driven network cooperation

- Workshop “OT in microsystem technology”
Landesinitiative MST Niedersachsen
- Workshop „Biotec meets Optics“ I - III
BioRegioN
- Nanoworkshop 2005
NMN, MST, BioRegioN, UPOB

BioRegioN GmbH

Start-Up Management and Consulting

Consultingservices for Spin-off companies

- VCT AG

- Micreon GmbH

- Rowiak GmbH

- Lumanova GmbH

- H2B Photonics GmbH

- Cinogy GmbH

Training and further education

- Feinoptiker-Studie
- Studienkompass
- Angebotsanalyse Weiterbildung
(VDI-TZ Auftrag)
=> **KURS**
- T.O.P. Seminar
„Technische Optik in der Praxis“
- Unterstützung der

Public Relations

- Image Flyer / Press kit
- Eventcalender
- Exhibition booth
- Infoletter / Newsletter
- Photonics News
- PhotonicNet Website
- More than 250 press releases

The collage includes:

- Technologie-management**: A flyer for the Technologie-Management program, listing its mission, goals, and activities.
- Start-Up Coaching**: A flyer for Start-Up Coaching, highlighting the importance of creativity in innovation and the need for market research.
- Plus- & Weiterbildung**: A flyer for Plus- & Weiterbildung, detailing training programs and their benefits.
- our Future Marketing & Kommunikation**: A flyer for Marketing & Kommunikation, emphasizing the need for clear communication and the role of media.
- Licht 2006**: A large graphic for the Licht 2006 exhibition, featuring the slogan "Medium der Faszination & Innovation".
- Photonic-Net Kompetenznetz Optische Technologien**: A central website header with a sidebar for "Wir bieten Ihnen:" (We offer you:), including links to Expertenpool & Kooperationspartner, Technologien, Bildungspartnern, Marketing & Kommunikation, Patent- und Urheberrechtservice, and Photonics World Congress.
- Our Future**: A large graphic for the "our Future" campaign, featuring a blue cat wearing glasses and the quote "Wenn eine Idee nicht zuerst absurd erscheint, taugt sie nichts." by Oscar Wilde.
- Photonic-Net Website Screenshot**: A screenshot of the Photonic-Net website showing the homepage layout, navigation menu, and top themes section.

**KAISER

Forschungspreis

Ausschreibung 2007

[Impressum](#)

Deutscher Zukunftspreis 2006

3 von 4 Nominierungen aus dem
Themenbereich Optischen Technologien!

- Fokussiertes Laserlicht zur Berührungslosen Gewinnung biologischer Proben
- Infrarot-Technik für mehr Fahrsicherheit bei Dunkelheit

And the Winner is....

→ **Lichtmikroskopie in ungekannter Schärfe**

Prof. Hell, MPI für biophysikalische Chemie, Göttingen

Thank you very much for attention!
